

LUX CLASSIC

CANISTER HOME CARE SYSTEM

AERUS Legendary Power for a Clean Home

Studies have shown that regularly vacuumed carpet can be more beneficial to air quality than cleaning other surfaces. If not cleaned regularly, pollen, dust, animal dander and other pollutants can be circulated through the air you breathe.

Also, dirt and soil trapped in the carpet will act like sandpaper, wearing away and diminishing the attractiveness of the carpet. Clean the air and protect your floors with the legendary powerful cleaning ability of the Lux Classic by Aerus.

Powerful Cleaning

Cyclonic suction prevents clogs to maintain peak airflow, necessary for powerful cleaning.

Automatic Protection

If an object becomes tangled in the power nozzle brush, the circuit breaker will automatically shut off and prevent damage.

The motor will also automatically shut down if it overheats.

Easy Clean Up

The Classic's vacuum filter bag, exclusively designed for Aerus, is self-sealing so that no captured dirt or dust can escape.

Filter Bag Performance

Ultra filtration vacuum bags provide four times better filtration than previous 4-ply designs.

Tests show 94% efficiency at capturing particles as small as 0.3 micron.

No Worries

The Lux Classic is protected by a 5-year limited warranty.

Ease of Use with L-Shape Design

The power nozzle self-adjusts its height between types of carpet or hard surface floors and the unique, low profile L-shape provides 4-sided cleaning around table and chair legs.

Cleaner Air

Fine dirt and particles are captured by a high efficiency, electrostatic afterfilter.

Control

Suction control valve allows for easier vacuuming of delicate materials such as drapes and upholstery.

Convenience

An automatic cord winder makes storage easy.
